E. Investigation of the Report

If the suspected abuser is a school employee, the Superintendent shall thoroughly investigate the report. To the extent feasible, this investigation shall be coordinated with the Commissioner of Children and Families or the police in order to minimize the number of interviews of any child and to share information with other persons authorized to conduct an investigation of child abuse and neglect. When investigating a report, the Superintendent shall endeavor to obtain, when possible, the consent of parents or guardians or other persons responsible for the care of the child, to interview the child, except in those cases in which there is a reason to believe that the parents or guardians or other persons responsible for the care of such child are the perpetrators or the alleged abusers.

The investigation shall include an opportunity for the suspected abuser to be heard with respect to the allegations contained within the report. During the course of an investigation of suspected abuse by a school employee, the Superintendent may suspend the employee with pay or may place the employee on administrative leave with pay pending the outcome of the investigation.

1. **Evidence of Abuse by Certified School Employee.** After an investigation has been completed, if the Commissioner of Children and Families, based upon the results of such investigation, has reasonable cause to believe that a child has been abused by a certified employee in a position requiring a certificate, the Commissioner shall notify the Superintendent of such finding and shall provide records, whether or not created by the Department of Children and Families, concerning such investigation to the Superintendent, who shall suspend the employee, if not previously suspended, with pay and without diminution or termination of benefits. Within 72 hours after such suspension, the Superintendent shall notify the Board of Education and the Commissioner of Education, or his/her representative, of the reasons for the conditions of suspension. The Superintendent shall disclose records received from the Department of Children and Families to the Commissioner of Education and the Board of Education, or its attorney, for the purposes of review of employment status or certification. Any decision of the Superintendent concerning such suspension shall remain in effect until the Board of Education acts, pursuant to the provisions of Connecticut General Statutes.

Regardless of the outcome of any investigation by DCF and/or the police, the Superintendent and/or the Board, as appropriate, may take disciplinary action up to and including termination of employment in accordance with the provisions of any applicable statute; if the Superintendent's investigation produces evidence that a child has been abused by a certified school staff member.

2. **Evidence of Abuse by Other School Staff.** If the investigation by the Superintendent and/or Commissioner of Children and Families did produce evidence that a child has been abused by a non-certified school staff member, the Superintendent and/or the Board, as appropriate, may take disciplinary action up to and including termination of employment.

F. Delegation of Authority by Superintendent

The Superintendent may appoint a designee for the purposes of receiving and making reports, notifying and receiving notification, or investigating reports pursuant to this policy.

Suicide Prevention

The Board recognizes that suicide is a complex issue and that, while the school may recognize potentially suicidal youth, it cannot make clinical assessment of risk and provide in-depth counseling but must refer the youth to an appropriate place for such assessment and counseling.

Any school employee who may have knowledge of suicide threat must take the proper steps to report this information to the building Principal or his/her designee who will, in turn, notify the appropriate school officials, the student's family and appropriate resource services.
