

C.O.O.L Program

The Community Organized and Operated Latchkey, Inc. (C.O.O.L.) Program has provided before and after care for Andover Elementary School students since 1986.

The purpose of C.O.O.L. is to provide competent, convenient, and affordable daytime care and supervision for school-age children outside of regular school hours and to provide meaningful social, educational, recreational and cultural activities for these children. In addition, beginning in 2019, the C.O.O.L. program expanded to provide a full-time summer camp for area students.

C.O.O.L. operates on the Andover Elementary School campus at 35 School Road, Andover, CT. The program maintains two dedicated classroom spaces within the school. During the aftercare program and summer camp, the program also utilizes the school gymnasium, playgrounds and fields for recreational activities.
