September 10, 2020

Dear Andover Families,

Great News!!! We are thrilled to announce that The U.S. Department of Agriculture (USDA) has approved the Coventry/Andover School Food Service to serve meals free of charge to all children age 18 and under through December 31 (Note: The USDA reserves the right to withdraw this approval subject to the availability of funding). This approval covers both breakfast and lunch for ANY child regardless of enrollment in Andover Elementary Schools, income level, or remote vs. in-school learning. We still strongly encourage families to complete an application for free and reduced priced meals if they think they may qualify, so they are already approved once this funding runs out.

We want to ensure that all students have access to healthy, nourishing meals. Therefore, we will continue to offer a meal pickup option for our remote learning students. Families have two options to choose from:

Families may order to pick up between 12:15 – 1:00 every day from the Andover kitchen by clicking [HERE](#) to fill out a weekly order form.

Families may opt for a once a week pick up on Wednesdays from 11:30 – 12:30 at the front of the Capt. Nathan Hale School in Coventry. These meals are ordered every two weeks and come frozen, ready to heat at home. These meals can be ordered by clicking [HERE](#).

Reminder: These order forms are only for distance learners. Meals eaten in school will be ordered in your student's homeroom daily and served for free of charge directly from your school cafeteria. The no cost meals apply to full meals only. For example, a student buying only a milk would be charged \$0.50, or they can get it free with their full breakfast or lunch.

Please reach out to me directly with questions. I am happy to help!

Thank You,

Beth Pratt, Food Service Director
